

MOUNT EDITH CAVELL VICTORY LOAN BANQUET

A MOUNTAIN MEMORIAL TO A HEROIC WOMAN

There are many monuments to the memory of the heroes and heroines who gave their lives for the cause of freedom and democracy in the first world war but the majestic carlin which has been named after nurse Edith Cavell is perhaps the most inspiring of them all. Beautiful Mount Edith Cavell in Jasper National Park will keep alive the memory of that courageous woman as long as the heroic exploits of the men and women who thwarted the German bid for world domination a quarter of a century ago are recalled.

The story of nurse Edith Cavell is known to almost every school boy and girl in the English and French speaking world. In the grey dawn of an October morning in 1915 this kind woman was taken from her prison cell to face a German firing squad. Her "crime" had been that she was living in enemy-occupied Belgium, she remained loyal to her own people and concealed a number of British soldiers who were being pursued by the German "gestapo" of that day. There are many nurse Cavells in the present conflict who will draw courage and inspiration from the example set by one of their number who put the interest of her country before her own personal safety.

Mount Edith Cavell is one of the most remarkable peaks in the Canadian Rockies. It occupies an almost isolated position and is clearly visible from points 20 miles distant. The peak rises to a height of over 11,000 feet and is perpetually hooded with a white mantle of snow. Appropriately, too, the side of this magnificent mountain is hung with gleaming white glaciers which give the impression of a great white angel with outstretched wings, serene and majestic over the valley below. This symbolic figure on the mountain memorial has been named "Angel Glacier" and was visited by the King and Queen during their visit to Canada in 1939.

Mount Edith Cavell has many moods and to know it one must see it at all hours of the day and under different weather conditions. On grey days its appearance may suggest to many a sorrowing mood but on sunny days its snowy cap and sparkling rainfall gleams with celestial purity against the clear blue sky. In the moonlight it is in descriptively beautiful suggesting a peace and tranquillity of spirit that recall the last words of Edith Cavell just before her execution. "There must be no bitterness nor hatred towards anyone."

Mount Edith Cavell lies approximately 12 miles south of the town of Jasper in Alberta and is accessible by a first class motor road. This year it is receiving an ever increasing number of visitors including many from various parts of the United States.

ALGARY FLIER KILLED IN ASIA

HER SISTER TOLD OF

Resident of Calgary, Flight Lieutenant Geoffrey Haylock, 26, has just been an aircraft accident in Asia. His sister, Mrs. B. C. Haylock, told the Standard that he was killed in a crash landing in China.

Geoffrey Haylock was a member of the Calgary branch of the Imperial Air Corps before moving to Nelson, British Columbia, B. C., Flight Lieutenant Haylock received his primary and elementary education there before coming to Calgary in 1932. He obtained his private pilot's license under the supervision of Howard Sandgathe of the Calgary Aero Club. He was employed by Reichold Distributors before leaving for England in 1934 and joined the R. A. F. in 1937.

His sister, Mrs. B. C. Haylock, said that he was a very popular and successful pilot and was recently guests of Mr. and Mrs. N. J. Haylock in Strathmore.

The man who grows about his wife cooking three times a day will eat any old thing with relish when he is camping out for a week with a stag party.

PATRIOTIC ADHERING TO LAW

Tony Devaux, a farmer living about four miles West of Strathmore on the Highway, proved himself a conscientious and patriotic citizen when he overtook a motorist on his way from Deer Sunday night.

The motorist without was without gas. Tony had a drum full in the back of his truck. But the suggestion had been made that some might be tempted to "bootleg" their gas and Tony was not going to fall a victim to this practice. Hence wanting to help the man, yet not break the law, he gave the only legitimate assistance, namely hitching the motorist's car to his own and towing him to Calgary leaving him parked in front of a gas station. There would be fewer court cases if everyone obeyed the established regulations as conscientiously.

Mr. Hughes, unit organizer gave the actual figures of the total collections and conversations. The grand total being in the neighborhood of \$127,000. During the evening Mr. Finkleton led and played for community singing, and when it comes to singing Frank proved himself a superman by rendering two beautiful solos.

Mr. J. Freeman who acted as stenographer to the Committee was complimented for the excellent manner in which she conducted her part of the work, her records being a credit with those of the Central Office at Calgary. A letter from the Committee was read to be sent to Mr. Tom Wright at present in Kaituma, Norway, wishing him a speedy recovery. Mr. Wright was one of the original members of the Committee who did valuable organization work at the beginning of the Campaign.

There were about twenty-eight present. An excellent banquet was served by Mr. and Mrs. Hansen. The happy evening was brought to a close by the singing of God Save the King.

CONDITIONS IN POLAND

The British Broadcasting Corporation said that an average of 40 persons died every day during May in Warsaw because of lack of food. While at the same time the Germans published lists of food and other materials they had taken from Poland.

WEDDING

RIDSON - KUYTEN

A very pretty wedding was solemnized in Strathmore United Church, Thursday, July 24th at 2 p.m. when George Edward Ridson, second son of Mr. and Mrs. Wm. Ridson of Strathmore, and Miss Marie Antonette Kuyten, second daughter of Mr. and Mrs. J. C. Kuyten of Balzac were united in marriage.

Rev. S. R. Hunt was the officiating clergyman. Promptly at the appointed hour the bride on the arm of her father proceeded up the aisle to the strains of Lohengrin's Wedding March, played by Mrs. S. R. Hunt.

The bride made a very pretty picture wearing a floor length white sheer gown with embroidered collar and pockets, bluish sleeves and full skirt. Her finger tip veil was caught with a pearl tulle. She carried a bouquet of crimson gladioli.

Miss Grace Ridson, sister of the groom, was bridesmaid. She chose for the occasion a very becoming gown of light blue sheer, rose and blue sateen hat and white accessories. Her bouquet was pink and white sweet peas.

Mr. John Kuyten, twin brother of the bride was best man. Following the church ceremony the bride and party were to the home of the bride's mother, Mrs. Kuyten where a reception was held and a delicious Wedding Breakfast served in the hall room of the Empress Grill.

The bride's mother, Mrs. Kuyten, was a very smart Redington of navy triple sheer, navy and white accessories and a corsage of red roses. Mrs. Ridson, mother of the groom chose a very becoming gown of print crepe with green and white accessories, and a corsage of yellow roses. For going away the bride donned a suit of dove grey, with rose accessories and matching hat.

The honeymoon will be spent in the mountains and on their return the young couple will reside in the upstairs suite in the Chase Apartments.

The bride and groom are members of very highly respected pioneer families in their respective districts.

STRATHMORE COUPLE HONORED ON SILVER ANNIVERSARY

Those who, last Thursday, when the night was hot and the light failed, heard a male chorus that was new to their ears, need not be alarmed. It was a party at the home of Mr. and Mrs. R. A. Brown.

Last month, this well known couple, passed the 25th milestone on matrimonial road in double harness, and their friends of the C. P. R. gathered to have the event celebrated. Dr. P. Davidson acted as he as well as many others present had known Bob and the wife for most of their married life and was indeed proud to present them with a gift to mark the happy occasion. This was a silver tea and coffee set, the tray of which was suitably engraved to mark the event. Included was a pretty card with the names of all who had contributed and a bouquet of roses for Mrs. Brown. Bob, expressing his thanks said they both felt the years were rolling along and it made him feel like starting all over again. Mrs. Brown didn't quite agree with the last sentiment but said she was happy, proud and honored by the expressions of goodwill they received. The chorus started off with "For they are jolly good fellows" and when it ended those who could not sleep for the night's music, no one else does. It might be stated that this is an entirely local and voluntary organization, heart of special and rare occasions. This was undoubtedly the best effort to date. There are numerous requests for their time soon. The close harmony was remarkable, due no doubt to the spirit that prevailed and was passed around. Lucky the night was dark.

WRONG ADDRESS

Their many friends will unite in wishing them a very happy and prosperous future.

NATIONAL WAR SERVICE

Officials of the National War Service Department report gratifying and ready response from young Canadians being called for military training by the National Resources Mobilization Act.

They state, however, that while each man receives a mailed individual and personal notice of his call to training, as his period arrives, a number of enquiries are still being sent direct to Ottawa. Major-General Le Pasche, Associate Deputy Minister of the Department of National War Service, under whose direction the mobilizing of trainees is being carried out, points out that the regulations have been planned to smooth out possible difficulties for the trainees by forwarding all communications concerning business arising from the provisions of National War Service Regulations. All men from 18 to 45 are urged that notification must also be given promptly of change of address or marital status. Failure to do so incurs the risk of fine or imprisonment.

Young men in this area, liable for military training, requiring further information regarding their obligations or applications for postponement should contact the nearest Divisional Registrar for this District, whose name and address are given below for their convenience, along with the names of other Members of the Board.

MUCH NEEDED RAIN

As we go to press a gentle but
steady rain is falling, settling the
dust, refreshing and reviving pasture
lands and coarse grains. In most cases
it is late for the wheat. There are
around Carleton and Rockyford
some fine wheat fields, but in the im-
mediate Strathmore district, the hail
and drought have taken a heavy toll.
Most look are rejoicing over the
falling moisture. For those on camp-
ing holidays it will work some dis-
comfort — we hope not too great.
